Dean H. W. Rogers of the Yale Law ol is a Democrat, and his name has been suggested for the Demoeratic Gubernatorial nomination. He s described as "a scholar, hard-headd, honest, and a practical man."

The facts that Dr. Cook was accom ded only by Eskimos in his trip to North Pole, and that its success therefore be substantiated only by own evidence, has engendered a which is principally expressed his rivals for Polar honors, their ands and backers. Whether or not real value will be derived from his feat, is being dwarfed by the whether or not he really sched the North Pole. We are trongly inclined to believe that he did ed in his mission.

The current statement "that former v. She was arrested for drunkenness Saturday an was sent back to jail for ten days. Margaret Smith was arrested for the same offence and will serve out enough time to pay her fine, \$15 and costs. Nellie Fitzgerald was sentenced to 15 days, and Sophia Godfrey, colored, was sent up for 60 days for raising a disturbance and fined \$10 and costs for drunkenness. Henry and Christopher Curran, brothers, were arrested Saturday night by Policeman Poland, in plain clothes, for fighting and raising a disturbance at the corner of Catherine street and Washington avenue. At police head-quarters both denied fighting and Henry explained that his brother had been drinking and that he was trained. Henry explained that his brother had been drinking and that he was trying to get him home. He admitted that a crowd had collected during the tussie. Both were required to put up a bond or go into a cell. Henry threw three ten-dollar gold pieces on the desk like so many nickles and the two went home quietly. Chris forfeited his bond in the city court yesterday and Henry was fined \$5 for breach of the peace.

George Wolfe of the South End, was arrested yesterday afternoon at the corner of South and Park avenues by Policeman Schulze and locked up charged with gambling. Wolfe and several others were shooting crap. The others escaped from the officer. Wolfe was fined \$5 and costs, the total amounting to about \$9. ### WOMEN ARE NETTED IN POLICE TRAPS

The police swooped down upon Mrs. Michael McCarthy Sunday while she was doing a flourishing business over the bar of her saloon at 307 Hancock avenue. Seven frequenters were found in the place. Bonds of \$25 each were put up by the friends of the frequenters and a bond of \$200 was required for the proprietress. The frequenters were fined \$5 and costs with the exception of one who gave the propriet. ception of one who gave the name of Griffin. He forfeited a \$25 bond. Coun-

Another woman, Mrs. Timothy O'Neil, whose husband owns a saloon at 610 Newfield avenue, was also surprised by the police early Sunday afternoon while she was dispensing cooling beverages in her kitchen which is adjacent to the saloon. Two frequenters were arrested and the priprietor, Timothy O'Neil was also placed under arrest. The frequenters gave assumed names to the police. The case against O'Neil was continued until next Saturday under \$150 bonds. Both raids were conducted by Liquor Agent Wagner and Policemen Ladd and Coughlin.

NICKELS. AT POLICE Fortieth Annual Convention of the State C. T. A. Union With 200 Delegates in Attendance.

SHOWS 8,949 MEMBERS

Putnam, Sept. 7-With upwards of 200 delegates in attendance, and with many more than that number of visitors in town the 40th annual convetio of the Catholic Total Abstinence union of the state began a two days' session here yesterday, the business sessions being held in the Bradley theater. Preceding the opening meeting the delegates attended high mass at St. Mary's church in a body. The visitors and delegates to the convention were welcomed to the city by Mayor John J. McGarry. The report of the state secretary, William J. Cronin, of New Haven, covering the period between July 1, 1908 and July 1, 1909, inclusi-ve, showed that the organization has 93 societies in the state, with a total membership of 8,949, an increase for the year of 1,155. New societies were added during the year as follows, the summary being by counties: New Haven county, 7; Hartford, 1; New London, 4; Fairfield, 3; Litchfield, 1; Middlesex, 1; Tolland, 2; Windham, 2. The report continues:

The report continues:

"The year just closed should be very gratifying to the membership of our union. Every county has added at least one new society to their list. New Haven county leads in largest membership and the largest increase in new societies, having added seven to their list during the year. The to their list during the year. The country directors have been very ac-live during the year as their efforts have been successful in the organization of new societies and the building up of the old ones.

"The Tierney cadet committee ap-pointed at the last convention held in New Britain has done great work in the organization of the boys during the year. The girls have not been as thoroughly looked after as the boys, as the work of organization shows. We have 24 boys' societiess, member-ship 2,375, and but seven girls' societles, membership 811. The boys at Danbury on the field day were the feature of that parade and we were all

proud of them.
"The field day of 1909, held at Danbury will long be remembered by the societies of the union who attended the same. Every possible detail was looked after and the St. Peter's Y. M. T. A. B. of Danbury are to be con-gratulated on the very successful ending of the field day, and, I am sure that the societies who were in attendance were fully recompensed for the effort they made to help the Danbury societies to show the people of that city what the C. T. A. U. of Connecticut was and what it stands for.
"Father Matthew's birthday should be celebrated by all the total abstinence societies of the union. Delegates should make a special effort when they arrive at their homes, to bring the matter before their respective so-cieties, and do honor to the apostle of temperance. Societies should see that their doings are given wide publicity and let the public know what you are doing. There should be a public installation of officers and a general invitation to everybody. It will help your society. Frequent visits of county directors and state officers to societies will be productive

of much good.
"I want to say to the officers and delegates assembled that I am not a candidate for state secretary, that I have been in the office for seven years, and to-day I submit for your consideration my sixth annual report. The work of the office requires time, which I have given to the best of my ability,

years has had its troubles in the way of finance. When I was first elected secretary, the union was in debt for \$300, and through the efforts of Broth er O'Brien of New Haven taking hold of the proceedings, the union netted at least \$500 a year, mainly through his efforts. Our treasury to-day will show over \$1,200, so that the work ac-complished so well by Brother O'Brien should be continued by him. "In conclusion, I want to think the officers and members of the union for their kindness to me during my term of office to assure them that my en-ergy in behalf of the total abstinence cause will not cease with my retire

WIFE OF DR. COOK, TO WHOM ARCTIC MEET AT PUTNAM STORY BROUGHT JOY

Mrs. Frederick A. Cook, wife of the explorer, knew nothing of the report that her husband had reached the North Pole until she received a cable-gram from him twenty-four hours after the American newspapers had printed the story. The patient little woman, who had waited through so many weary months for some word from her husband and had begun to fear that she might never hear from him again slimst collapsed when she received the message. She had been spending the summer at a country place in Maine, and the cablegram, which was sent to her address in Brooklyn, did not reach her for many hours after the rest of the world had heard the news of her husband's fame.
